

# Self-Leveling Construction Laser

RL-H5B

Ideal flat plane solution for  
excavating, grading, and other  
general construction applications

# Self-Leveling Construction Laser

## Long-range operation (400 m)

## Smart long-range receiver

## Tough IP66 construction rating

## ±20 Arc second horizontal accuracy

## ±5 Degrees self-leveling range

## Up to 100 hours battery life

### Long-range high accuracy laser

With great distance and high-accuracy, the RL-H5 Series is simple to use for checking elevations.

### Easy to use

With electronic self-leveling, you press the power button and go right to work in seconds. If the RL-H5B gets disturbed on the job it relevels itself automatically. The self-leveling motors are accurate to ±20 arc seconds.

### Long range operation

Need to shoot elevations up to 400 m from your laser? No problem – this instrument has the power and range to cover a 400 m diameter job site.

### Long battery life

The RL-H5B provides up to 100 hours of continuous usage with 4 (D) cell batteries.

### All weather dependability

With the IP66 rating, the RL-H5B is “job site tough” and can withstand dust, a sudden shower and even torrential rainfall.

### Key Components

- RL-H5B laser
- LS-80L sensor
- Sensor holder
- Batteries
- Carry case

### Five year guarantee

The RL-H5B laser comes with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.
